

## THE NATION'S 2020 MILITARY FRIENDLY® COMPANY LIST ANNOUNCED ACROSS THE COUNTRY

**PITTSBURGH** – Continuing its mission to provide veterans and their spouses with the finest choices for employment opportunities, VIQTORY today released the 2020 Military Friendly® Company List. Since 2003, the Military Friendly® lists have set the standard for organizations to provide the best opportunities for veterans and military spouses.

This prestigious list provides a comprehensive guide for veterans and their families using data sources through continuously improved methodology, criteria, and weightings developed with the help of an independent research firm and proprietary survey information from participating organizations. Programs earning the Military Friendly® Brands designation were evaluated using both public and government data sources with responses from a comprehensive survey completed by the employer.

We are proud to recognize 76 employers earning this prestigious designation and truly representing what it means to be "Better for Veterans and Better for America." The 2020 Military Friendly® Company list can also be found at [www.militaryfriendly.com/2020-Company](http://www.militaryfriendly.com/2020-Company)

### **About Military Friendly® Companies:**

The Military Friendly® Companies list is created each year based on extensive research using public data sources and responses to the proprietary, data-driven Military Friendly® Employers, Spouse, Supplier Diversity and Brands survey from all participating companies. The survey questions, methodology, criteria and weighting were developed with the assistance of an independent research firm and an advisory council of employers. Ernst & Young, a global leader in assurance, tax, transaction and advisory services, independently evaluated the scoring methodology for the Military Friendly® Companies list using the criteria set forth by VIQTORY. The services performed by EY are limited to advisory procedures and do not provide assurance over the scoring methodology.
